

HOT WORK NOTICE

Date		Vessel Name	
Port and Berth		Master of Vessel ("Master")	(full name)
Person and company undertaking the Hot Work, if other than the Master ("Operator")	(full name and position of person and company , including ACN)	Owner of the Vessel ("Owner")	(full name and ACN)
Start Date		End Date	
Description of Hot Work to be undertaken		

The Master (for and on behalf of the Owner) and Operator (where applicable), in consideration of Flinders Ports Pty Limited ("Flinders Ports") allowing Hot Work to occur whilst the Vessel is in the Port, acknowledge and agree that the undertaking of the Hot Work will be at the Master's and Operator's own cost and in accordance with the following terms and conditions:

1. Hot Work will not be undertaken until Flinders Ports has acknowledged in writing its receipt of this Notice.
2. The Master and Operator will comply with and satisfy all present and future laws and applicable Australian Standards in respect of the undertaking of Hot Work (including without limitation Regulations 201 and 203 of the Harbors and Navigation Regulations (SA) 2009).
3. This Notice covers only the specified Hot Work and further notice must be given to Flinders Ports before any additional Hot Work is commenced. If Hot Work is temporarily discontinued (for any reason) during the specified period Flinders Ports must be informed prior to Hot Work recommencing.
4. The Master and Operator will only undertake Hot Work whilst it safe to do so, but will not allow the same to be undertaken, without limitation, while the Vessel or any other vessel or person in the vicinity is:
 - a. bunkering or transferring fuel; or
 - b. loading fodder or grain; or
 - c. handling dangerous, combustible or hazardous products (such as those with a low flash point).
5. The Master and Operator will ensure that while Hot Work is being undertaken, and for a reasonable period thereafter, that:
 - a. a fire watch is to be maintained by a responsible person other than the person undertaking the Hot Work.
 - b. suitable extinguishing equipment (such as a charged fire hose) is at hand.
 - c. all loose slag resulting from Hot Work is to be immediately doused.
 - d. work in a confined area is to be certified gas free and regularly monitored by a suitably qualified person and Hot Work may proceed only in compliance with any special conditions that person may specify.
 - e. timber decking will be wetted down and kept wet.
 - f. Hot Work will be undertaken in a dust free environment.
6. All hazards, safety incidents or breaches of the terms and conditions of this Notice are to be reported immediately to Port Control by telephone (08) 8440 9008.
7. Notwithstanding any other provision of this Notice, the Master, Owner and Operator agree to undertake Hot Work on, in or in the vicinity of the Vessel at their own risk in all things and release and indemnify Flinders Ports, its related bodies corporate and their directors, officers, employees, agents, contractors, subcontractors, licensees, subtenants or invitees and any person claiming through them ("Flinders Ports'

Agents”) from and against all Claims of every kind arising from or out of undertaking or the occurrence of Hot Work or any act, matter or thing done or performed by the Master, Owner and Operator, visitors or other persons in relation to Hot Work or any omission of the said persons including, without limitation, any Claim in respect of:

- a. any accident or damage to property or death of or injury to any person of any nature; or
 - b. loss of or damage to fixtures or personal property of the Master, Owner and Operator or any other person;
- on, in or in the vicinity of the Vessel.

8. In this Notice:

- a. **“Claim”** means any demand, action, claim, cause of action, proceedings, judgement, order, relief, remedy, right entitlement, damage, loss (including without limitation consequential, incidental, special and indirect losses of profits, contracts and revenue), compensation, reimbursement, cost, expense or liability incurred, suffered, brought, made or recovered of whatever nature, however arising under statute, at law or in equity or whether of a contractual, proprietary or tortious nature (whether in negligence, other breach of duty, of a strict liability or otherwise) including, without limitation, pursuant to the Environment Protection Act 1993).
- b. **“Hot Work”** means any construction, demolition, alteration, repair or maintenance work involving burning, cutting, welding, riveting, grinding, drilling, grit, sand or shot blasting, or any other heat, flame, flash or spark producing operation, together with any related or ancillary activities, including without limitation as described above.
- c. No rule of construction applies to the disadvantage of Flinders Ports on the basis that Flinders Ports put forward this Notice or any part of it.
- d. Any remedy, power or entitlement given to Flinders Ports in any clause of this Notice is in addition to any remedy, power or entitlement which Flinders Ports may have under any other agreement or law.
- e. If any provision of this Notice is deemed to be, or becomes void, voidable or unenforceable, it must be read down, or if incapable of being read down, severed, and the remaining provisions of this Notice continue to have full force and effect.
